<p><b><u>ITEM 1. INTRODUCTION</u></b></p>	<p>SMB Financial Services, Inc. is registered with the Security and Exchange Commission as an investment advisory firm. We are not a broker-dealer. Brokerage services differ from investment advisory services. Furthermore, the fees you pay for brokerage services versus investment advisory services are dissimilar. It is important for you to understand the difference. Please see <a href="http://www.investor.gov/crs">www.investor.gov/crs</a> which is an SEC-sponsored website that provides free and simple educational information about investment advisors, broker-dealers, and investing.</p> <p>This form is intended to aid your understanding of the services SMB Financial Services, Inc. offers and describe significant issues related to these services which you may find important.</p> <p>The following provides answers to common questions that will assist you in deciding whether to become a client of SMB Financial Services, Inc.</p>
<p><b><u>ITEM 2. RELATIONSHIPS AND SERVICES</u></b></p> <p><i>What investment services can you provide me?</i></p>	<p>SMB Financial Services, Inc. offers Discretionary Asset Management services. These services may also include financial planning services.</p> <p>If we charge an asset-based fee, we perform ongoing monitoring of your account based upon the scope of services described in the investment advisory agreement you sign when you begin working with us. If you have an account and we only provide a one-time financial planning service, such as creating a financial plan, it will not be monitored.</p> <p>We manage your assets on a discretionary basis. This means we can buy and sell investments in your account without discussing the purchase or sale with you in advance. However, you can place reasonable restrictions on the types of investments to be held in your portfolio. In contrast, managing your assets on a non-discretionary basis means we must obtain your approval prior to making any purchases or sales of investments in your account.</p> <p>We offer a wide variety of investment products and types of investments. We are not limited to a particular “menu” of offerings like some other investment advisors. Clients have the opportunity to choose from among several levels of risk-based strategies. We actively monitor client accounts and make appropriate changes in light of market circumstances, our expertise and the strategy selected by the client. We do not have an account minimum. However, we may decline to accept clients with smaller portfolios.</p> <p>More detailed information regarding our services is provided in our Form ADV Part 2A.</p>
<p><b><i>Conversation Starter</i></b></p>	
<p>We have included “Conversation Starters” to encourage the discussion of subjects important to you. Why or why not?</i></li> <li style="padding-left: 80px;">• <i>How will you choose investments to recommend to me?</i></li> <li>• <i>What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i></li> </ul>	
<p><b><u>ITEM 3. FEES, COSTS, CONFLICTS, AND STANDARDS OF CONDUCT</u></b></p> <p><i>What fees will I pay?</i></p>	<p>You will pay a quarterly fee for the advisory services we provide. Typically, our fee is an ongoing fee in a tiered schedule from 0.90% to 1.55% based on a percentage of your account’s assets.</p> <p>Financial planning services are billed hourly on a quarterly basis as performed or upon completion of the agreed services at a rate of \$200.00 per hour. Project flat</p>

	<p>fees are paid partially in advance (the lesser of \$450 or 50% of the flat fee) and the remaining balance billed upon completion of the project.</p> <p>Any fees paid and the frequency charged will be agreed upon by you when you sign SMB Financial Services, Inc.'s investment advisory agreement.</p> <p>You may pay other fees, depending on your account type. These fees include custodian fees, brokerage commissions, account maintenance fees, transactional fees, and other ancillary fees.</p> <p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p>
<p style="text-align: center;"><b>Conversation Starter</b></p> <ul style="list-style-type: none"> <li>• <i>Help me understand how these fees and costs might affect my investments.</i></li> <li>• <i>If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</i></li> </ul>	
<p><b>What are your legal obligations to me when acting as my investment advisor? How else does your firm make money and what conflicts of interest do you have?</b></p>	<p>When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:</p> <p>When we are paid an asset based management fee, the more assets in your account the more money we will make. This can create a conflict if we take unnecessary risks to increase the assets in your account despite the fact less risky investments may be in your best interests.</p>
<p style="text-align: center;"><b>Conversation Starter</b></p> <ul style="list-style-type: none"> <li>• <i>How might your conflicts of interest affect me, and how will you address them?</i></li> </ul>	
<p><b>How do your financial professionals make money?</b></p>	<p>Our financial professionals receive fees for the investment advisory services they provide. These fees are ongoing and based on a percentage of assets in your account. As noted above, our financial professionals have an incentive to have more assets in your account if they are paid an asset-based fee.</p>
